Full-Stack Development | Software Engineering | Web Development | UI Design

I'm a junior full-stack web developer with a strong foundation in building modern web applications. I enjoy turning ideas into clean, functional solutions through thoughtful design and well-structured code. I work effectively with both clients and teams, prioritizing clear communication and reliable delivery, while continually learning and refining my skills to deliver even greater value to every project.

- Systems Development
- Software Implementation
- Computer Engineering
- User Experience
- Agile Development
- Code Maintenance
- Technical Troubleshooting
- Debugging & Research

PROFESSIONAL EXPERIENCE

Web Developer | **Freelance**, Cape Town

06/2025 – Present

- Build responsive web applications using React, TypeScript, and modern JavaScript.
- Work directly with clients to gather requirements and translate designs into functional features
- Develop basic backend functionality using Node.js, Express, and MongoDB
- Integrate and consume REST APIs, handling data fetching and state management
- Use Git and GitHub Actions for version control and CI/CD workflows
- Debug issues, improve usability, and maintain active client projects

Software Developer | **Gintec Solutions**, Cape Town

04/2024 – 04/25

- Contributed to the development of full-stack web applications using React and TypeScript
- Assisted in building reusable UI components with HTML, CSS, and Tailwind CSS
- Implemented and consumed REST APIs using Node.js and Express
- Worked with PostgreSQL and MongoDB to manage application data
- Supported cloud-based features using AWS Lambda and S3
- Collaborated with senior developers through code reviews and agile workflows
- Used Git, Docker, and GitHub Actions to support development and deployment processes

Barista/Bartender | **Dias Tavern**, Cape Town

02/2023 – 02/2024

- Deliver consistent, friendly customer service in a high-volume hospitality environment
- Prepare beverages accurately while maintaining quality and presentation standards
- Manage multiple orders simultaneously during peak service hours
- Handle cash and card transactions responsibly and accurately
- Communicate clearly with customers and team members to ensure smooth service
- Work effectively as part of a team to meet daily operational goals
- Maintain a clean, organized, and compliant work environment
- Adapt quickly to changing priorities in a fast-paced setting
